## Mounting a mikron 81 onto an AZURA® modul

See document V6806, chap. 2, to prepare the AZURA® device in order to mount the mikron 81.

1. Use the provided Torx screws to mount the mounting bracket (A9856) in one of the two mounting possibilities (see fig. 1).
2. Insert the mikron 81 into the mounting bracket. Ensure that the flow cell is facing downwards.
3. Insert the USB cable.
